To whom it may concern,

WORDSWORTH AVENUE AREA – PARKING AND TRAFFIC CHANGES

We are writing to advise you that work will shortly be starting on introducing changes to how parking and traffic access will be managed on Wordsworth Avenue, Cowper Place, Southey Street and Oxford Lane.

The main features of these updated controls will be:

- Increased levels of permit parking, so that all road space is controlled with a mixture of “Permit Holder Only” parking and 2-hour short stay parking
- Permits will be zonal, meaning permit holders will have the flexibility to park in any available permit parking bay in the zone
- The existing single yellow lines on Oxford Lane (no parking 8am to 6.30pm, Monday to Saturday) will be changed to double yellow lines (no parking at any time)
- The current School Street located on Southey Street will be expanded to start at the junction of Newport Road and Wordsworth Avenue, so it will now cover all of the above roads

Kordel LTD have been award the contract to introduce these changes, and you will receive separate communication from them. **The work will begin on 13/01/2025, and will take approximately 3 weeks to complete.**

ENFORCEMENT OF THE NEW RESTRICTIONS WILL START: 03 / 03 / 2025.

We hope this these proposals will bring about a positive change, however please don't hesitate to contact us should you have any questions by either writing to at the above address, or via email at parking.projects@cardiff.gov.uk. We have also attached some FAQs overleaf which may help.

Parking Changes FAQs

What parking changes are taking place?

Currently Wordworth Avenue and Southey Street have a 50% resident scheme, and permit holders may only park on their own street. We are introducing a Parking Zone, meaning that all kerb-side parking will now be managed with parking bays where parking is safe, and yellow lines where parking is dangerous or obstructive.

What roads are included in the Parking Zone?

Cowper Place, Southey Street & Wordsworth Avenue. Permit holders will be able to park in any available bays within the zone.

How will parking be managed?

Most parking will only be for permit holders. There will also be some short stay Limited Waiting parking bays, where visitors can park for up to 2 hours without a permit. Permit Holders will still be able to park here without the time limits applying.

Why are we making these changes?

These changes are to prevent commuter parking, encourage the use of sustainable travel (such as buses, cycling and walking), prevent obstructive parking, and ensure residents can park near their homes.

Which properties will be eligible for parking permits?

The following residential properties will be eligible for resident parking permits:

- Cowper Place – All (except Cowper Court)
- Oxford Lane – Ty Glas Mews and Oxford Mews only
- Southey Street - All (except Roden Court)
- Wordsworth Avenue – All (except Wordsworth Court and Stephenson Court)

However, in line with our planning policies, permits will not be issued to any new developments (e.g. property built, developed or converted after 1st September 2011).

I already have a parking permit; will I need to reapply?

No, you can wait until your current permit expires. However, when you come to next renew your permit you will need to ensure you obtain a zonal permit.

School Street Changes FAQs

What School Street changes are taking place?

Currently there is a School Street on the eastern side of Southey Street. We are expanding this to cover more roads and that the School Street will start at the junction of Wordsworth Avenue/Newport Road instead.

What roads are included in the School Street?

Cowper Place, Oxford Lane (section between Wordsworth Avenue and Oxford Street only) Southey Street & Wordsworth Avenue.

Why are we making these changes?

The School Street expansion is intended to make these roads safer during school drop-off / pick-up times, especially for children on their way to school.

What times/days will the School Street apply?

Drivers without school street permits will not be able to enter Wordsworth Avenue during term time between 8.30 – 9.15am & 3 – 3.45pm, Monday to Friday. Any driver contravening the new restrictions may receive a Penalty Charge Notice (PCN). Drivers already within the school street will be entitled to leave during these times without receiving a PCN.

Which properties will be eligible for School Street permits?

Digital school street access permits are issued through our supplier MiPermit, and are available for residents (for their own vehicles), Blue badge holders, Carers & Businesses.

Any property within the School Street area will be eligible for free access permits.

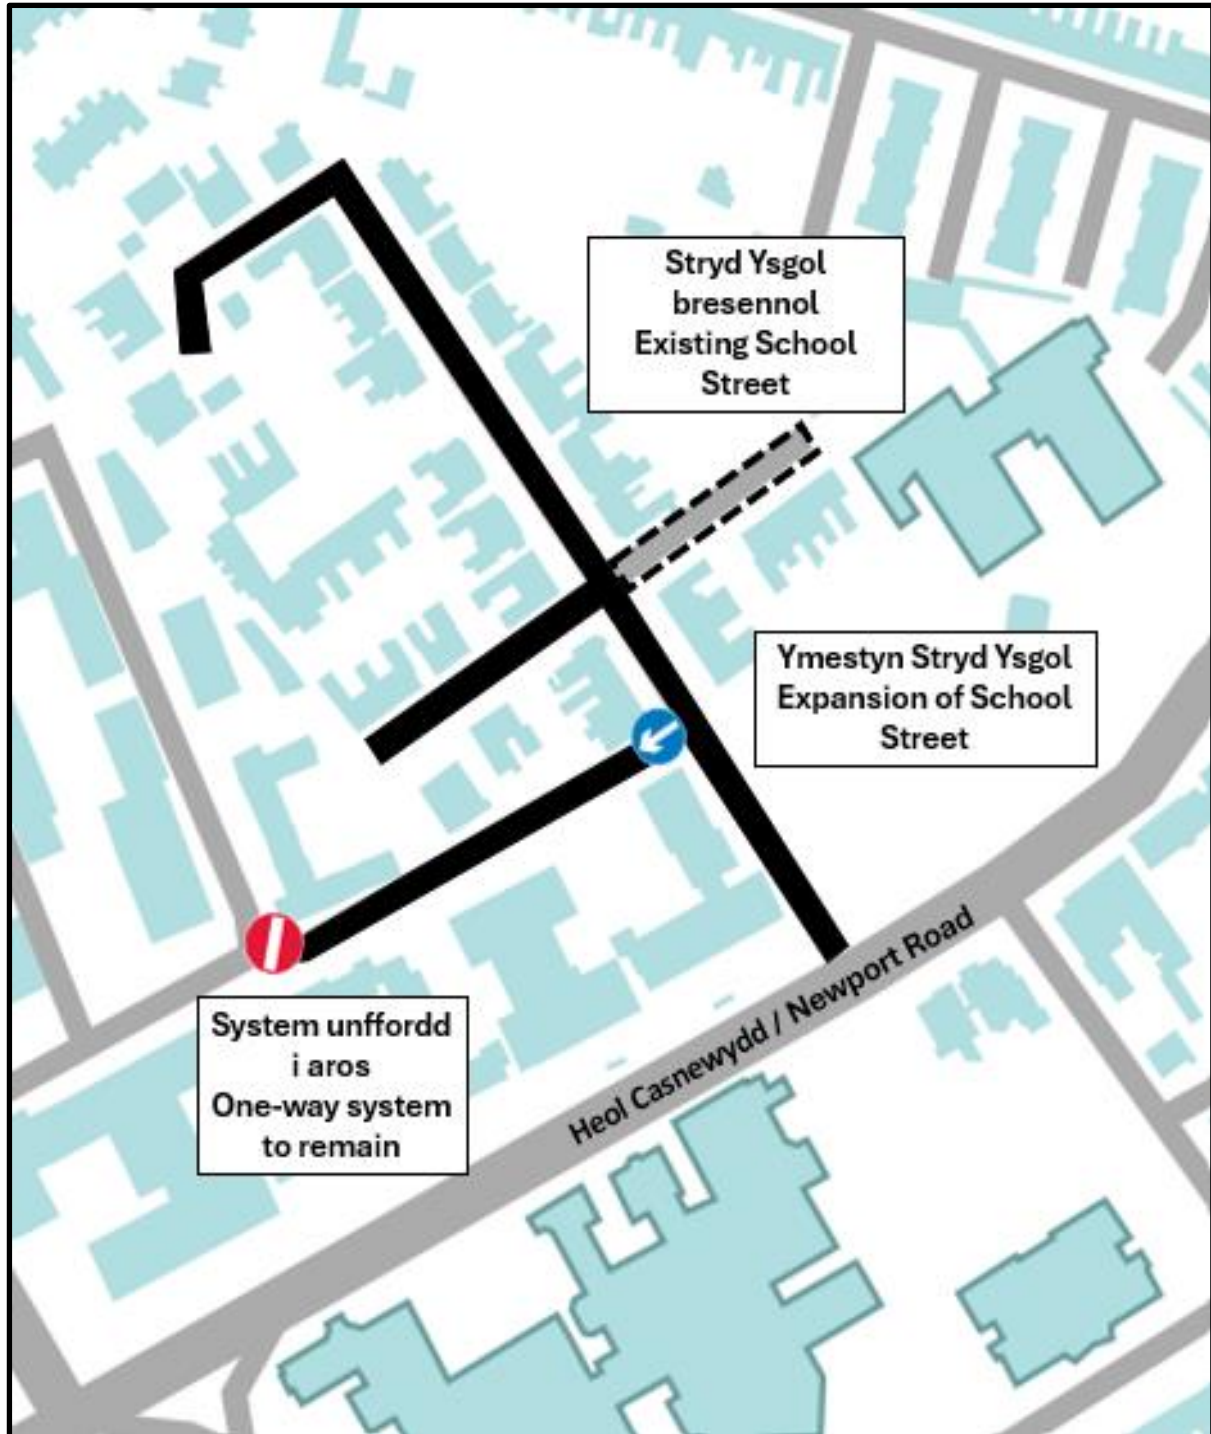

Further information on School Street permits and how to apply, can be found by scanning the QR code or by visiting www.cardiff.gov.uk/schoolstreets.

For advice on School Streets, you can email schoolstreets@cardiff.gov.uk or call Connect to Cardiff on 029 2087 2087.

I have a resident parking permit; will I still need to apply for a School Street permit?

No. If you have a valid resident vehicle-specific parking permit for a road within the School Street area, you will automatically be able to enter the School Street during restricted times.

Caiff eich gwybodaeth ei phrosesu dan Ddeddf Diogelu Data 2018 i gyflawni tasgau cyfreithiol a rheoliadol Cyngor Caerdydd fel awdurdod lleol.
